

MEDICAL LIGHTING

WHITER, BRIGHTER AND GREENER LIGHTS

LEDs, which never require replacement, provide a whiter, brighter light than ever before and consume less energy. So now you can see true tissue colour rendition during an exam or procedure while also reducing your cost of ownership.

GS EXAM LIGHT IV

The GS Exam Light IV features:

- A single LED that provides whiter, brighter light than halogen, so you see truer tissue colour rendition during an exam
- Less energy consumption for reduced cost of ownership
- No bulb replacement for cost savings
- A compact, unobtrusive head ensuring pinpoint accuracy
- Minimal heat dissipation
- Touchless on/off
- Five year limited warranty

GS900 PROCEDURE LIGHT

Six 5,500° K LEDs that provide a whiter, brighter light than halogen.

- Less energy consumption for reduced cost of ownership
- No bulb replacement for cost savings
- Combines outstanding durability, extraordinary manoeuvrability, unparalleled spot quality and multiple mounting options
- Dimming feature
- Minimal heat dissipation and high colour temperature
- Five year limited warranty
